

Appl. No. : 10/690,054
Filed : October 21, 2003

REMARKS

The above-indicated amendment to the Specification does not change the effective claim for priority of the present application. Application No. 09/777,421 does not claim priority to Provisional Application No. 60/182,995. Thus, the originally filed claim for priority in the present application was incorrect insofar as it incorrectly described the claim for priority of Application No. 09/777,421. The present amendment is made simply for clarification.

Please charge any additional fees, including any fees for additional extension of time, or credit overpayment to Deposit Account No. 11-1410.
